

YWCA Australia - Safe Homes, Equal Futures Resource Kit

Thank you for your interest in supporting YWCA Australia's 2025 Federal Election Campaign, *Safe Homes, Equal Futures*.

We've included some content below created for social media posts, website updates or newsletter items.

Background on YWCA Australia

YWCA Australia is a national not-for-profit organisation, with a mission to support women, gender-diverse people, and their families across the country. With a presence nationally in over 15 locations, we provide the housing, support services, and leadership pathways that help people find safety, security, and the stability they need to create the future they deserve.

We are deeply committed to advancing gender equality and creating positive outcomes for women and gender-diverse people. One of the most pressing areas we focus on is the urgent housing needs of these communities, knowing that stable housing is a foundational step toward safety and wellbeing.

Through our programs and services, we aim to empower individuals to take charge of their futures. Whether it's offering safe housing, connecting people to support networks, or providing leadership opportunities, we're here to help people thrive.

Our resources and services can all be accessed at <https://www.ywca.org.au/> and our campaign page and policy brief can be accessed at: ywca-safehomes-equalfutures.org.au

Safe and secure housing is the foundation for stability and opportunity, yet too many women and gender-diverse people face housing insecurity.

For over 140 years, YWCA Australia has been helping change that through housing, support services, and leadership opportunities.

They're calling for more social and affordable housing so no one is left behind. Find out how you can get involved at ywca-safehomes-equalfuture.org.au and by following YWCA Australia's social media accounts.
